I did my bachelors and house job in Orthodontics, Endodontics, surgery and prosthodontics from Pakistan. I have been practicing general dentistry since 2018 till date.

I am a confident communicator who can relate well to dental patients. I have a proven ability to ensure that dental practices in a surgery are continuously updated to provide evidence-based, top class and clean dental services to patients. I am a poised healthcare professional with a track record of successfully diagnosing and treating patients with dentofacial conditions/diseases. For inter-disciplinary dental treatment, I am able to work as part of any dental team, with a flexible approach to work.

I am looking for an opportunity to work in a sophisticated, high-end and a distinguished dental setup where I can provide state-of-the-art dental service to patients.

CLINICAL PROFICIENCY:

- Simple Extractions
- Dry socket Management
- Scaling & polishing
- Pocket Dressing
- Fluoride Application
- Removal Partial and complete acrylic dentures.
- Crown cutting
- Crown and bridge preparation.
- Crown and bridge cementation

JOB HISTORY

- ✓ Current clinical work involves full mouth prosthetic restorations, dental implants, crowns/bridges, surgical & non-surgical extractions, and preventive dental treatments & cosmetic restorations etc.
- ✓ Well versed in all administrative/operational procedures which includes front desk, marketing & operational workflow.

CLINICAL SKILLS

Crowns/Bridges | Cosmetic Restorations | Rotary Endodontics | Surgical Extractions
